

Day-Trip Two: "Kołobrzeg and Vicinities"

Date: August 8th 2007
Minimum Group Size: 20
Day Trip

After breakfast, we will begin a whole day trip to Kołobrzeg, one of the best known and most popular Polish spas and holiday resort of the Baltic coast. For nearly 150 years now Kołobrzeg has been famous for its saline baths, therapeutic mud massages and its soothing, invigorating sea breeze. Like in the past, also now Kołobrzeg, a city of nearly 50 thousand

inhabitants, remains lively all year long. A multinational, colorful and joyful river of bathers and tourists seeking rest and relaxation flows through picturesque, charming avenues of the Old Town, through the waterfront boulevard and to the city's historic promenade on a long, seaward jetty. On our arrival to Kołobrzeg, we will invite you to come for a walk of this enchanted city. In its course, we will visit one of the oldest sacral buildings in this part of Poland, a church erected in 1222, a 14th century Gothic cathedral, a neo-Gothic Town Hall, a beautiful lighthouse and many other, impressive sights. To crown the experience, we have planned a brief sea-cruise aboard one of the Kołobrzeg ships. In the course of our visit, we will take a break for a typical Pomeranian meal, following which all of us will enjoy free time for individual exploration. We will be back in Szczecin around 6 p.m.
